

Employer Recruiting Assistance

Employers seeking to hire skilled, experienced talent have two opportunities to leverage Sippel Glidden resources. First, our **Specialty Partners & Profiles** page lists those individuals who are locally available for full/part-time contract staffing, or for full/part-time employment. Second, our Human Resource partners, together with other technically skilled SG partners, are available to assist the hiring process with role, responsibility, and performance specification and develop position descriptions that will match the desired skill/experience profile of a successful job candidate.

Please let us know how we can assist in your staff recruiting – call us at 507-269-6878!
